

PRESS RELEASE N. 1 – 2021

**3rd TRANSNATIONAL MEETING ON-LINE
11TH AND 12TH MARCH 2021**

On 11th and 12th March 2021, **PackAll project** partners attended the 3rd transnational meeting on-line.

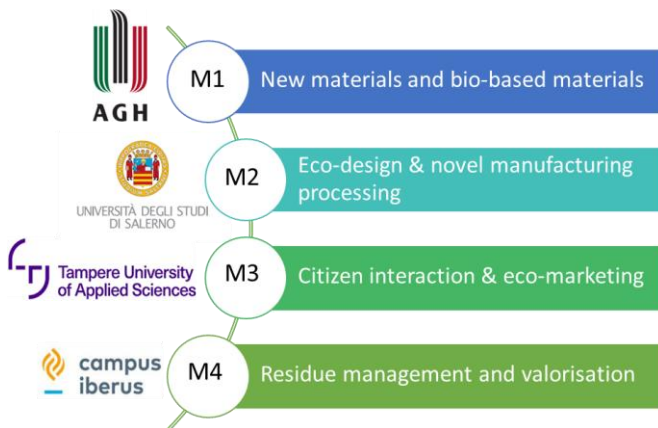

PackAlliance project partners participation was: 4 high-profile High Education Institutions firmly grounded in academic excellence in the field of CE: **Campus Iberus (ES)**, **AGH University of Science and Technology (PL)**, **Tampere University of Applied Sciences (TAMK) (FI)** and **Università di Salerno (UNISA) (IT)**; and 4 industry partners, including large companies and business clusters: **Ecoembes (ES)**, **Synthos Group (PL)**, **Pyroll (FI)** and **Proplast (IT)**.

This meeting was planned to be held in Poland in presence, but unfortunately, the COVID-19 situation has forced the partners to organize it online.

In this occasion, PackAlliance partners invited to join the meeting them to the new Project Officer assigned by the EACEA, Mrs. Eleonora Cavallero.

In this transnational meeting, the partners have completed the definition of the training programme based on a level 5 EQF and the target groups of freshly graduated and professional's students. Campus Iberus, High Education and coordinator project partner, has presented the Moodle platform that will be used by the students during the training course. The project partners, following the Creative Commons license, will prepare theoretical contents of the training course. (CC 4.0 BY-NC-SA).

On the other hand, the High Education partners, Campus Iberus, AGH University of Science and Technology, Tampere University of Applied Sciences and Università di Salerno, have registered four videos to promote the four training modules.

The four videos will be online in a few days. By now, you can see our PackAlliance Project official video on [YouTube](#).
